<sup>1</sup> Johnson Elementary School being located at the Priestley site is contingent upon a feasibility study to begin January 2012.

<sup>2</sup> Dr. King HS at Lawless is contingent upon RSD approval of an academic plan to expand Dr. King High School.

<sup>3</sup> The RSD has offered McDonogh 7 as an available building for Lagniappe. The RSD is awaiting the final decision from the Lagniappe board of directors of if they wish to occupy it or a privately-obtained building.

<sup>4</sup> The RSD has identified available building space for the A.P. Tureaud program. The final determination of A.P. Tureaud's long-term home is dependent on the completion of an in-progress community engagement process and the preference of A.P. Tureaud's future school management.
