1. The salary schedule provides an estimate of salary that can be earned during a full school year. For 2009-2010, employees starting after 7/27/2009 will have their salary adjusted to reflect the number of days worked during the school calendar year. Additional salary adjustments may include (but are not limited to): sick leave payments, additional payments, e.g., professional development stipends, coaching stipends, LEAP tutoring, etc.

2. Non-post Officers are categorized as 9-month employees. As such, during the 2009-2010 school year, they are expected to work 182 7.75-hour days with a 30-minute lunch plus morning and afternoon duty as dictated by school schedule. The annual salary quoted is paid to employees via bi-weekly paychecks over a 12-month period.

3. The salary schedule is based on the 2009-2010 extended-day program and is subject to change for future years.
