15	\$44,060.00	\$235.61	\$1,694.62	\$52,680.00	\$281.71	\$2,026.15

1. The salary schedule provides an estimate of salary that can be earned during a full school year. For 2009-2010, employees starting after 7/27/2009 will have their salary adjusted to reflect the number of days worked during the school calendar year. Additional salary adjustments may include (but are not limited to): retention incentives, sick leave payments, additional payments, e.g., professional development stipends.

2. Lieutenants are categorized as 9-month employees. As such, during the 2008-09 school year, they are expected to work 182 eight-hour days with a 30-minute lunch plus morning and afternoon duty as dictated by school schedule. The annual salary quoted is paid to employees via bi-weekly paychecks over a 12-month period.

3. The salary schedule is based on the 2009-2010 extended-day program and is subject to change for future years.
